

Feiolix: The Game-Changing GLP-1 Superfruit Powder

- **Ultimate GLP-1 Inducer**

Feiolix unleashes your body's own GLP-1—the breakthrough hormone for blood sugar balance, appetite control, and sustained energy, making it a powerful ally for blood glucose, weight management and metabolic wellness.

- **ABA Plant-Powered Potency**

Feiolix has the highest known levels of abscisic acid (ABA) are found in nature, 6x higher than figs, and 2x more than avocados; this compound naturally triggers GLP-1 release.

- **Triple Action Formula**

Three pathways for increasing GLP-1 secretion! Combines ABA with anti-inflammatory polyphenols and prebiotic fibres, targeting both direct hormone signalling and gut microbiome activation for a synergistic metabolic effect.

- **Visible Results at Low Dose**

Clinical and pre-clinical studies demonstrate significant reductions in blood sugar, blood pressure, with longer, sustained losses in LDL cholesterol, triglycerides, and weight—even at a low dose of 300mg/day.

- **Supports Satiety**

Feiolix unique dietary fibre profile (consisting of xyloglucans and xylans) fuel “good” Bacteroides and Ruminococcus, ramping up production of satiety hormones (GLP-1 and PYY) for powerful, science-backed appetite control and reduced food cravings.

Over 84 studies support the efficacy of ABA for glycemic control and weight benefits with a **41% increase in GLP-1 release.**

31% reduction in post meal blood sugar spikes and **35% improvement** in sustained blood sugar levels (satiety)

185% improvement in fasting blood sugar compared to placebo in a clinical trial n=95.

Change in blood glucose

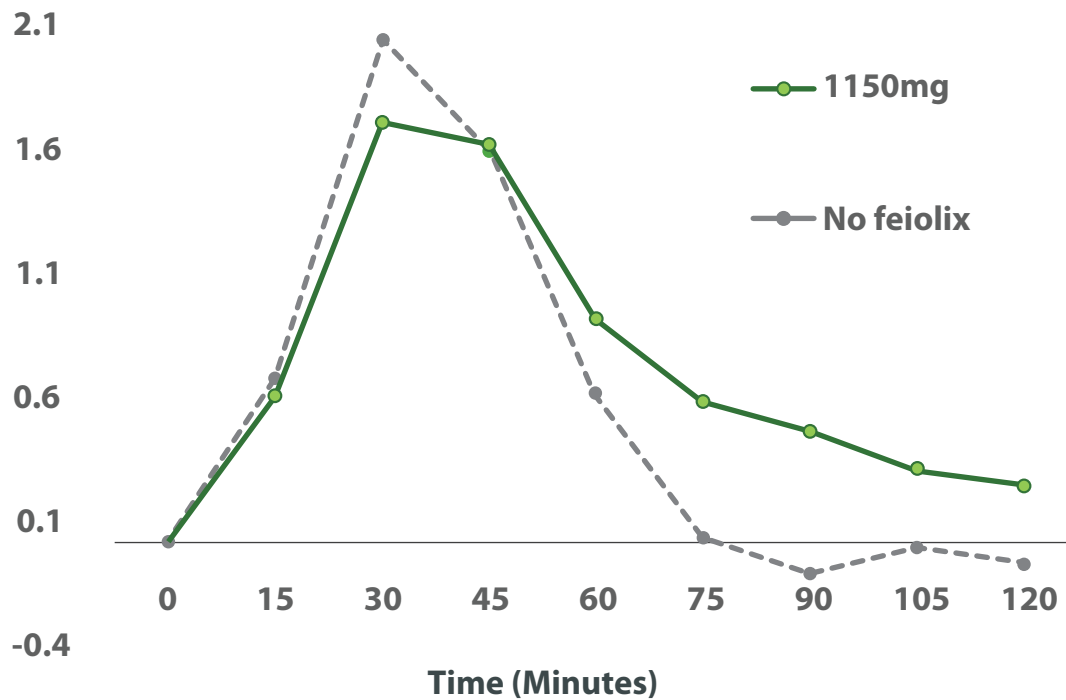

Figure 1. Change in blood glucose with and without Feiolix over a 3 hour time period. Significant improvements in both reduction in blood sugar spikes and longer more sustained energy period.

• Full Spectrum Metabolic Support

Feiolix boosts insulin secretion, improves muscle glucose uptake, reduces inflammation, increases post-meal thermogenesis, and supports lasting weight loss.

• Clean, Natural, Multi-Functional

100% NZ feijoa—whole fruit powder, seeds, skins, and all. No synthetics. Use in shakes, supplements, or functional foods for maximum versatility.

7 In-vivo assays

6 in-vitro assays

5 human clinicals

Suitable for adults, children, pregnant women, diabetics

Made from New Zealand grown Feijoas, Feiolix has a delicious taste and color that supplements any formulation.

Feiolix is your new wellness superfruit—combining high ABA, unique fibres, and polyphenols for hormone and gut-driven GLP-1 support. Clinically proven, experience visible improvements in blood glucose, appetite, weight and metabolism, and appetite with powerful, nature-driven nutrition.
